LONGBERRY FARM

The Art of Experience

A place to come together, to take time out and to share in great experiences that make life a little more memorable.

Longberry Farm is a flexible, private hire event space in the Kent countryside designed for great experiences. Think wellness retreats, craft workshops, celebrations, children's parties, small weddings, hen do's, baby showers and corporate events. Located in the village of Bethersden, between Tenterden and Ashford, we are just 1 hour from London by train and are also available as a Film & TV location.

Here at Longberry Farm, our biggest focus is flexibility. It's your event and we believe it should be run your way, so we don't have rigid set packages or insist that you stick to a specific set of caterers or activity providers. We can be involved as little or as much as you would like, we offer the site on a DIY basis or can offer a full event planning service if it's needed, it's completely up to you.

All great events have to start somewhere, so please do get in touch with a little bit about the event you are looking to put on and we can begin to plan.

The "Rules"

- Music to be turned off by 11pm SHARP and all day guests to have departed by 11:30pm. Any noise to be kept to an absolute minimum after this time.
- To avoid any unnecessary disturbance to our neighbours, we require that any music played is contained within the covered patio space. This includes the set up of any speakers or live musicians and the volume must be kept to a reasonable level.
- We will be required to give a Temporary Event Notice (TEN) to the local council for which there is a fee of £21, this cost is already included in the price.
- We will require the full details and public liability insurances of any external suppliers that are brought in to be given to us before the event takes place.
- The costs quoted do NOT include: any hire fee for a marquee/tipi in which to hold the event, catering or provision of drinks, staff or security, all of which would need to be arranged separately by yourselves, if needed.
- Portaloos, additional showers & generators may be required to cope with the extra guests on site during the event depending upon numbers and planned entertainment.
- In order to confirm a booking we require a deposit to secure the preferred dates and we can offer a payment plan as follows:

30% - upfront to confirm the booking
30% - 6 months before the event
Remaining balance 8 weeks before the event

- We require a £1,000 damage deposit to be secured with a credit card. This is fully refundable after the event on the condition that no major damage has occurred.
- Fireworks and Chinese Lantern types are strictly forbidden due to the high risk of damage to neighbouring properties / land / animals that live locally.
- Use of the firepit and campfires is strictly subject to the current weather and ground conditions at the time of the event. If we deem the conditions unsafe for a fire, we will not allow one.
- For weddings, you will not be able to get legally married here as we do not have a ceremony licence. A couple of options could be to either get married in the local church and have the reception here or you could marry in a registry office before / after and have a celebratory ceremony on the day (this can often be a lovely option as you can have the ceremony part provided by a close friend or family member)
